Friends in Christ,

Where did the summer go? These past few days have been so cool and comfortable, and the leaves of the sweet gum trees are already beginning to change! I hope you have had time to get outside and enjoy the beauty of God's creation. Here at the church, volunteers have been sprucing up and gearing up for the start of the program year. Everywhere you look you can see the work in progress. It promises to be an exciting year!

I am excited about the message I will be sharing this week: "The Power of Words." In the beginning, God's creative power was expressed through the spoken word and all of creation was born. Made in God's image, our own words have the power to harm or to heal, to build up or tear down, to bless or to curse. I have some slides to show you that may change the way you think about the words you say and the power you wield - on the tip of your tongue!

With you on the journey,

Meg
